Appeal #2011-1

The Delaware Area Neighborhood in Albany ny is discouraged that this post office is closing down, when so many use this to mail out there important documents. We have Seniors who can walk but can't drive there its very convenient for many of our neighbors, I urge you to make a decision to keep this post office open for business even when the appeal is happening and hopefully after the appeal has been passed to keep it open. We can't afford shutting down post offices they are vital to alot of people.
